**PLAINTIFF KAUL'S REQUEST FOR THE COURT TO TAKE JUDICIAL
NOTICE PURSUANT TO FEDERAL RULE OF EVIDENCE 201, OF
DOCUMENTS RELEVANT TO DEFENDANT FEDERATION OF STATE
MEDICAL BOARDS**

Respectfully Submitted

RICHARD ARJUN KAUL, MD

APRIL 15, 2024

Pursuant to F.R.E. 201, Plaintiff Kaul respectfully requests the Court be Judicially Noticed of the below referenced documents that evidence Defendant Federation of State Medical Boards (“FSMB”) ongoing scheme to monopolize every facet of the approximately annual \$4.5 trillion dollar-worth American healthcare system. This amount occupies almost eighteen percent (18%) of the U.S. Gross Domestic Product. Please find below a brief explanation of the immense relevance of these documents:

1. **‘NOMINATIONS FOR STAFF FELLOWS’ (Exhibit 1)**: Defendant FSMB and their subjugate state medical boards/members employ a system of Orwellian 1984 ‘double-talk’ in order to convey and create a ‘cover’ of purported benevolence and public concern, the true purpose of which, however, is to conceal their ruthless agendas of profiteering through the exploitation of the American public/medical profession.

This document evidences an ominous expansion of this scheme, and coincides, not surprisingly, with the forced mass inoculations of the global public with a knowingly toxic mRNA composite, that, as pled in K11-17, Defendants FSMB/subjugate state medical boards coerced physicians into injecting into their patients, under threat of license revocation. The scheme worked, and pharmaceutical executives/shareholders and members of Defendant FSMB/subjugate medical board members reaped billions in profits, with no legal consequences for the immense morbidity/mortality caused by the toxin.

Defendant FSMB, in seeking to ensure the next scheme proceeds without any obstruction/resistance or public dissent from individual physicians not yet controlled by for-profit healthcare corporations, and to secure absolute control of the physician regulatory system and become the judge/jury/executioner of a physician’s career/livelihood/life, Defendant FSMB is bribing active medical board members/executive staff, by making them so called ‘Staff Fellows’ to Defendant FSMB’s Board of Directors. The particular perniciousness of this version of the ‘revolving-door’ scheme lies in the fact that the state board members are simultaneously active board members involved in revoking licenses, while corporate board

members of Defendant FSMB involved in discussions on how to use their state board power to maximize corporate profit. An analogous situation would be if the person serving as the President of the United States were simultaneously a board member of Allstate Insurance Company, not that Plaintiff Kaul seeks to place that idea in Defendant's mind.

In furtherance of the nefariousness of the scheme, is the fact that Defendant FSMB explicitly states that **"No individual shall continue as a Staff Fellow upon termination of employment by or service to the Member Medical Board."** evidencing that the individual's usefulness to Defendant FSMB and its for-profit healthcare corporation corrupters-puppet masters, is limited not to their general ability as physicians; but to their abuse of state-medical board power in eliminating physicians who, concerned for patient welfare, do either threaten the corporate profit agenda or fail to support it.

The date of this document is significant, in that it coincides with the success of its 'test case', that of the COVID mRNA scheme that commenced in 2020. Defendant FSMB in seeking 'nominations' from every state medical board, is a scenario lifted directly from the 'Godfather', with Defendant FSMB being 'The Commission' and the state medical boards being the 'The Families'. However, what renders this version even more demonic than that of garden-variety mobsters, is that the mobsters admitted to simply being businessmen, but Defendant FSMB/subjugate state medical boards make lofty claims about their mission to **"protect the public"** from allegedly dangerous doctors.

If the **"Federation Cartel"** is not dismantled, it, in conjunction with its for-profit healthcare corporations (**"Hospital-Insurance-Pharmaceutical Industrial Complex – Federation Cartel"**) (**"HIPIC-FC"**), as referenced within The Kaul Cases will seize complete/absolute control of the entire healthcare system, and will use the American public to test/experiment new drugs-devices and from which to generate massive profits through medical exploitation. No physician will dare 'raise his/her voice' out of fear of license revocation and or incarceration, and the

American public will continue to suffer some of the highest morbidity/mortality rates in the so called 'western world'.

2. ANNUAL BUSINESS MEETING OF AMERICAN ASSOCIATION OF OSTEOPATHIC EXAMINERS

(AAOE) (Exhibit 2): This organization is responsible for the licensing/disciplining of persons who come to practice medicine through schools of osteopathy. In the United States individuals unable to secure a place in a medical school, will follow this path to licensure. The CEO of Defendant FSMB is a doctor of osteopathy. This organization represents a substantial part of the medical work-force and thus Defendant FSMB believed it incumbent to ensure it be brought 'into-line' with the "HIPIC – FC" corporate agenda, and Defendant FSMB has thus become a business partner (so called 'Affiliate Partner') of the AAOE, an entity whose purported mission is to independently/impartially "protect the public".

However, Defendant FSMB, not satisfied with 'hijacking' state functions, forces a pledge of fealty from its subjugate board members: "under the leadership of the Chair and President/CEO, represents the FSMB to other organizations and promotes recognition of the FSMB as the premier organization concerned with medical licensure and discipline." A 'kissing of the king's ring'. Defendant FSMB/Subjugate Medical Boards, an organization modelled on the mafia, has in the 'pipeline' its next scheme and unless the cartel is dismantled, this scheme and every other lethal scheme of profiteering/exploitation it conceives, will proceed without question; and the only question left in American medicine, will be whether the drug/device/intervention/physician increases corporate executive/shareholder profit.

**NOMINATIONS FOR STAFF FELLOWS
2020-2021**

Nominations for a Staff Fellow to the FSMB Board of Directors are now being accepted from FSMB Member Medical Boards, the Board of Directors and Administrators in Medicine (AIM). The FSMB board will appoint a Staff Fellow at its February 2021 meeting.

Nomination Deadline

Those wishing to nominate a Staff Fellow to the FSMB Board of Directors should do so no later than **December 31, 2020**.

Eligibility Requirements

FSMB Bylaws Article II, Section B(2) defines Staff Fellow as *an individual hired or appointed and who is responsible for the day-to-day supervision and performance of the administrative duties and functions for which a medical board is responsible. Each member board may denote only one individual to serve as a Staff Fellow of the FSMB. No individual shall continue as a Staff Fellow upon termination of employment by or service to the Member Medical Board.*

A current list of individuals designated as Staff Fellows of the Member Medical Boards can be found on pages 3-5.

Responsibilities

The Staff Fellow will serve a two-year term and will be eligible to be reappointed to one additional term. The newly appointed Staff Fellow will take part in the Investiture of the Board at the 2021 Annual Meeting on **Saturday, May 1** and join the Board at its first meeting of the year on the following morning, **May 2**. A document outlining the responsibilities of the Board of Directors and time commitment for the 2021-2022 fiscal year can be found on pages 6-7.

Documentation Requirements

The following documents should be submitted as part of the nomination process:

1. Letter of nomination providing background information on the nominee and a description of the individual's ability and commitment necessary to fulfill the responsibilities of the Board. The letter should be addressed to:

**Cheryl L. Walker-McGill, MD, MBA, Chair
Federation of State Medical Boards**

2. A CV Summary (maximum of 5 pages) and/or bio of the nominee.

Documentation Submission

The letter of nomination and CV/bio should be submitted electronically to Pat McCarty, Director of Leadership Services, at pmccarty@fsmb.org. Please submit all documents in one email.

A confirmation acknowledging receipt of the documents will be sent within two business days. If you do not receive confirmation, or for questions, please contact Ms. McCarty by email or at 817-868-4067.
